

Become part of a leading Swiss company and shape the future of our high-security systems. We are looking for a

Senior Mechanical Engineer (80 – 100%)

for Product Development and Quality Assurance in Varaždin, Croatia

If you have a university degree (MSc/BSc) in mechanical engineering or design and the following qualifications, we want to get to know you:

YOUR QUALIFICATIONS

- University degree in mechanical engineering or design (MSc/BSc) or comparable training
- Several years of experience in the development of machines and products
- Sound knowledge of 3D CAD systems, preferably Inventor
- Very good written and spoken English (level B2); knowledge of German is a plus
- Innovative thinking and the ability to translate creative ideas into cost-effective, reliable solutions
- Knowledge of manufacturing processes of machines and metal products

WE OFFER YOU

- A position at the subsidiary of Consel Group AG, a leading Swiss SME
- Exciting and varied projects with a lot of personal responsibility
- The opportunity to develop innovative products for the European market
- A dynamic working environment with flat hierarchies and short decision-making paths
- Flexible working conditions and an attractive, performance-related salary
- Development opportunities and the chance to take on management responsibility

DO YOU FEEL LIKE THIS COULD BE YOU?

Roland Brechbühl (CEO) will be happy to answer your questions in English or German on +41 43 277 60 74 or +385 91 6037 192.

You can find more information about the company and our wide range of products on our website www.conselgroup.com.

We look forward to receiving your complete and informative application dossier. Please send it to roland.brechbuehl@consel.ch.
